

Cabinet Base Sealant – Virgin Media

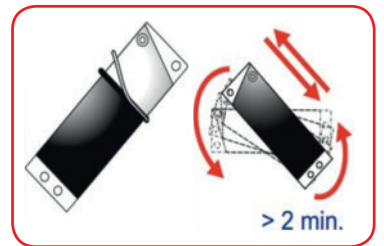

2 component sealant used to seal the base & ducts in Virgin Media's street cabinets.

The casting resin prevents ingress of pests and weed growth. In addition, a solid floor improves the climate within the cabinets. This ensures less chance of interference and extends the life of the components. Within the kit is also the accessories needed to seal the cable ducts against water & gas pressures.

Filoforms cabinet base & duct sealing system has been tested and evaluated by Virgin Media and is suitable to use in their network.

Properties	Unit	Value
Potlife (process time) 5°C	minutes	30
Potlife (process time) 23°C	minutes	10
Potlife (process time) 35°C	minutes	7
Gel-time	minutes	23
Viscosity (mixture) 25°C	Pa.s	ca. 3
Density	g / cm ³	1.4
Hardness	Shore D	52
Tensile strength	N / mm ²	4
Water absorption (30d/23°C)	%	< 1.0
Weight loss 28d/120°C	%	0.8
Surface structure cured under water		no bubbles

205884	Cabinet Base Sealant Virgin Spec - 2.5litres	black	2.5 litres	1 pce/carton

Features

- Easy to use and accurate filling process when pouring the resin
- Prevents ingress of moisture, pests and the intrusion of weeds, roots and plants
- Improves the climate inside the street cabinets
- Decreases interference of the equipment
- Extends the life of the components
- Quick and easy to apply
- Good flow properties
- Self levelling characteristics
- Good adhesion
- Smooth and non tacky surface
- Seals the cable ducts against water & gas pressures
